Whirlpool components

Underwater LED lighting CoolLight 50W

Newly developed 50W LED light with high luminance is especially designed for concrete pools. Extremely low profile of the body is ideal for problematic installations where minimal dimensions are required. Thanks to the replaceable stainless steel ring that can be customized the light can be used for different kinds of standard sets of embedding. Very high lifetime of aprox. 75000 working hours was achieved by optimizing the power source and by use of the last chip generation with higher efficiency up to 40%. Lamp housing is made of stainless steel AISI 316, the color of the emitted light is white.

Description:
- LED underwater light with electrical protection IP-68
- 6500K white light
- 4x LED module
