Whirlpool components

Underwater walterproof white LED linear pool light

Waterproof flexible strip has multiple uses and low power consumption. Electric protection IP-68 makes it ideal for backlighting or selvedge lighting in damp or wet environment, in steam cabin, for underwater installation or outdoors. Light color is white. The strip is powered by a safe voltage 24V DC. LEDs are embedded in silicone strip. Recommended max. lenght of the strip powered from one power supply is 30 m.

- 24V DC, power consumption 3,6W/m
- 42 LED/ m
- cuttable every 7 LEDs

.

Reliable product, trouble-free service.
