

Medium pressure UV lamp almost at the price of low pressure UV lamp

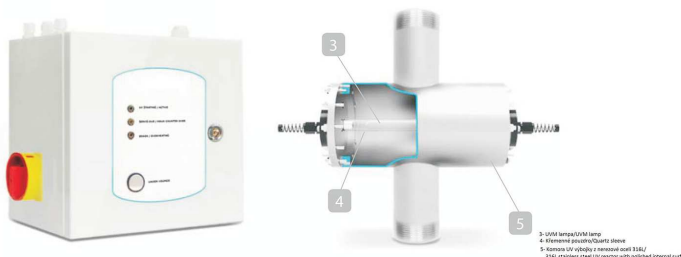

We offer you the opportunity to achieve quality of water of commercial pool for your whirlpool or pool using medium pressure UV lamp with interesting price. Medium pressure UV lamp reduces bounded chlorine and moreover destroys bacteria and viruses or algae. Benefit of medium pressure UV lamps is that they have a considerably higher efficiency than the low pressure UV lamps. Medium pressure UV lamp is intended for public use with low load (LD) and for home use too.

Description:

- high efficiency against the low pressure UV lamps
- bounded chlorine reduction and water disinfection
- stainless steel UV lamp reactor with polished internal surface
- magnetic power source
- expected lamp lifetime is up to 4000 hours
- LED indication
- without wiper
- connection G2

Reliable product, troublefree service.
